

Online Cultural Orientation Plan for Health Professionals

<http://lms.cucr.h.uwa.edu.au/moodle>

A Cultural Orientation Plan for students, health professionals and managers has been developed online! This plan highlights the diversity of Aboriginal culture and the importance of local cultural learning. It can also help deepen understanding of Aboriginal cultural values and promote culturally secure practice.

The package, inclusive of information, videos, activities and links to further resources, consists of five self directed learning modules:

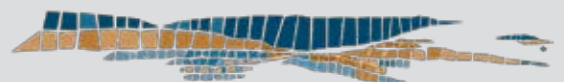

- Culture, self and diversity
- Aboriginal history
- Working with Aboriginal people
- Providing clinical services
- Improving cultural security

Government of **Western Australia**
Department of **Health**
WA Country Health Service

Combined Universities Centre for Rural Health

This project was funded by the Disability Services Commission and WA Country Health Service, and undertaken by the Combined Universities Centre for Rural Health.
