

POSITION DESCRIPTION

Title	Project Manager
Super Stream	Project Delivery & Transformation
Department	Digital Innovation
Classification	AO8
Agreement	Health and Allied Services, Managers and Administrative Workers Single Enterprise Agreement (HAMA) 2025-2027
Reports to	Program Managers & Portfolio Directors
Accountable to	Portfolio Directors

Organisational Overview

The Royal Women's Hospital (the Women's), The Royal Melbourne Hospital (RMH), and Peter MacCallum Cancer Centre (Peter Mac) are leading Victorian public health services located within the Parkville precinct.

The Women's is Australia's foremost specialist hospital for women and newborns, delivering primary and tertiary care through a workforce of more than 2,500 staff, and is internationally recognised for excellence in care, teaching, and research.

The RMH is one of Victoria's largest tertiary health services, providing world-class medical, surgical, and mental health programs. Supported by over 12,000 staff, RMH is a designated trauma centre and leader in neurosciences, nephrology, oncology, cardiology, and virtual health.

The Peter Mac is a global leader in cancer research, education, and treatment, with more than 3,900 staff, including over 700 researchers, driving innovation in cancer prevention, diagnosis, and care.

Together, these organisations deliver integrated, research-driven, and patient-centred healthcare to local, state, and international communities.

Department Overview – Digital Innovation Service

The Digital Innovation Service (DI), hosted by the Women's, provides a unified ICT capability across the Parkville Local Health Service Network. DI supports the Women's, RMH, and Peter Mac by delivering shared digital infrastructure, systems, and innovation services critical to their clinical and operational performance.

Between July 2024 and June 2025, DI managed over 139,000 support tickets, supporting than 19,000 staff across the health services, highlighting its essential role in enabling safe, reliable, and connected care across the precinct.

In addition, DI provides services under Service Level Agreements to the Parkville Youth Mental Health and Wellbeing Service (PYMHWS) and limited legacy support to Northern Health and Western Health.

Position Purpose

The Project Manager is responsible for the end-to-end delivery of assigned digital, technology, and transformation projects that contribute to organisational priorities. This role ensures that all project activities are delivered to agreed scope, schedule, budget, and quality standards while supporting broader transformation objectives.

Reporting to the Program Managers/Portfolio Directors, the Project Manager works closely with project teams, business stakeholders, technical specialists, and vendors to deliver successful outcomes. This includes managing project planning, governance, risks, reporting, and change impacts. The role also contributes to the uplift of project delivery practices, ensuring consistency, transparency, and alignment with organisational frameworks.

Key Responsibilities

Project Delivery & Transformation

- Plan, scope, and deliver projects within the Project Delivery & Transformation stream in alignment with the digital strategy and organisational priorities.
- Develop and maintain project plans, schedules, deliverables, RAID logs, benefits plans, and supporting documentation.
- Coordinate cross-functional project teams, ensuring clarity of roles, responsibilities, and milestones.
- Apply appropriate delivery methodologies (Prince2, structured waterfall, etc.) based on project complexity and requirements.
- Oversee procurement and vendor engagement relevant to project delivery, ensuring deliverables meet organisational standards.
- Ensure projects integrate user-centred design, change considerations, cyber security requirements, and architecture alignment.
- Support the Director in preparing reports, business cases, and updates for governance bodies and steering committees.

Strategic Leadership

- Provide informed advice to the Director on project progress, risks, issues, and improvement opportunities.
- Ensure project activities align with the organisation's digital transformation goals and broader business strategy.
- Promote and contribute to the adoption of contemporary project delivery practices, tools, and governance standards.
- Identify emerging challenges or opportunities and propose enhancements to project approaches or solutions.

Operational Performance

- Monitor and manage project performance against agreed tolerances, schedules, deliverables, and budgets.
- Ensure project governance and reporting requirements are met, including status reports, dashboards, and steering committee materials.
- Maintain compliance with policies, regulatory frameworks, procurement requirements, and risk management processes.
- Facilitate project assurance reviews, health checks, and audits to ensure quality and transparency.
- Drive continuous improvement initiatives within the project, capturing lessons learned and embedding improvements into future work.

People and Culture

- Provide day-to-day guidance and support to triage analysts and frontline support staff.
- Assist with onboarding of new staff by ensuring consistency in triage practices, system use, and customer service expectations.
- Contribute to capability development through coaching, knowledge sharing, and uplift of analysis skills across the team.
- Model professional, customer-focused behaviours and support a culture of teamwork, responsiveness, and continuous improvement.
- Support staff wellbeing and contribute to change adoption within the team by reinforcing clear communication and expectations.
- Uphold organisational values and support a safe, inclusive, and respectful workplace.
- Encourage behaviours aligned with organisational values and operational excellence.
- Provide digital services support for all hospital sites supported by the Digital Innovation.
- Participate in daily duty roster support across all supported health service sites as required and scheduled.
- Be available for after-hours on-call support duties across all supported hospital sites as required and rostered.
- Participate in off-site support roster as scheduled.
- Contribute to coordinated teamwork and information sharing.
- Request planned leave promptly and maintain excess leave balances in line with hospital guidelines.

- Submit timesheets and leave requests in accordance with maximum leave balances and attendance requirements.
- Engage in performance management, professional training, and development opportunities as required.
- Complete all mandatory hospital training requirements within specified timeframes.
- Consistently demonstrate hospital values in all interactions and activities.

Stakeholder and Relationship Management

- Build strong working relationships with internal stakeholders, including business sponsors, technical leads, and operational teams.
- Coordinate stakeholder engagement and communication activities to ensure project alignment, transparency, and readiness.
- Support change management activities, including impact assessments, training coordination, and communication planning.
- Manage vendor relationships to support effective delivery, ensuring expectations, deliverables, and timelines are met.

Financial and Risk Management

- Manage project budgets, financial forecasts, and expenditure tracking in line with approved allocations.
- Identify, analyse, and manage project risks, issues, and dependencies, implementing mitigation and escalation processes when necessary.
- Ensure procurement processes, contract management, and vendor engagements adhere to organisational requirements.
- Support benefits realisation planning and tracking, ensuring measurable outcomes are achieved and documented.
