<b>Super Stream</b>	Information & Research Platforms
<b>Department</b>	Digital Innovation
<b>Classification</b>	AO8
<b>Agreement</b>	Health and Allied Services, Managers and Administrative Workers Single Enterprise Agreement 2021-2025
<b>Reports to</b>	Manager, End User Compute & Applications
<b>Accountable to</b>	Director, Information & Research Platforms

### Organisational Overview

The Royal Women's Hospital (**the Women's**), The Royal Melbourne Hospital (**RMH**), and Peter MacCallum Cancer Centre (**Peter Mac**) are leading Victorian public health services located within the Parkville precinct.

The **Women's** is Australia's foremost specialist hospital for women and newborns, delivering primary and tertiary care through a workforce of more than **2,500 staff**, and is internationally recognised for excellence in care, teaching, and research.

The **RMH** is one of Victoria's largest tertiary health services, providing world-class medical, surgical, and mental health programs. Supported by over **12,000 staff**, RMH is a designated trauma centre and leader in neurosciences, nephrology, oncology, cardiology, and virtual health.

The **Peter Mac** is a global leader in cancer research, education, and treatment, with more than **3,900 staff**, including over **700 researchers**, driving innovation in cancer prevention, diagnosis, and care.

Together, these organisations deliver integrated, research-driven, and patient-centred healthcare to local, state, and international communities.

### Department Overview – Digital Innovation Service

The Digital Innovation Service (DI), hosted by the Women's, provides a unified ICT capability across the Parkville Local Health Service Network. DI supports the Women's, RMH, and Peter Mac by delivering shared digital infrastructure, systems, and innovation services critical to their clinical and operational performance.

Between July 2024 and June 2025, DI managed over 139,000 support tickets, supporting more than 19,000 staff across the health services, highlighting its essential role in enabling safe, reliable, and connected care across the precinct.

In addition, DI provides services under Service Level Agreements to the Parkville Youth Mental Health and Wellbeing Service (PYMHWS) and limited legacy support to Northern Health and Western Health.

### Position Purpose

The Lead, End User Devices is responsible for overseeing the design, delivery, support, and optimisation of end user device services across the organisation. This role ensures that all end user technologies—including desktops, laptops, mobile devices, peripherals, and associated software—are secure, reliable, and aligned with organisational standards and strategic objectives.

The role provides technical leadership, contributes to continuous improvement initiatives, and ensures the effective operation of end user device environments within the Information & Research Platforms stream.

The Lead works closely with the Manager to drive service excellence, uplift the user experience, and support the organisation's research, clinical, and operational needs.

## Key Responsibilities

### Information & Research Platforms

- Lead the deployment, configuration, maintenance, and lifecycle management of end user devices and associated technologies.
- Ensure end user device services support the needs of researchers, clinicians, and operational teams.
- Oversee integration of devices with enterprise platforms, directory services, authentication systems, and mobility technologies.
- Maintain compliance with security, privacy, and data governance requirements across all device types.
- Contribute to platform roadmaps, standards, and procedures that improve service quality and support digital innovation.

### Strategic Leadership

- Provide subject-matter expertise and guidance on end user device architecture, emerging technologies, and best-practice standards.
- Support development of strategic plans and initiatives that enhance device management capabilities and user experience.
- Lead continuous improvement activities, identifying innovation opportunities to streamline device operations and reduce complexity.
- Mentor team members and promote a culture of technical excellence and proactive service delivery.

### Operational Performance

- Oversee day-to-day operations, ensuring device services meet defined SLAs and performance targets.
- Manage escalations, complex incidents, problem investigations, and root cause analysis.
- Coordinate major deployments, upgrades, and patching cycles to minimise disruption.
- Maintain accurate inventories and ensure effective asset tracking and lifecycle processes.
- Develop and maintain documentation, including procedures, standards, and knowledge articles.

### People & Culture

- Provide day-to-day guidance and support to triage analysts and frontline support staff.
- Assist with onboarding of new staff by ensuring consistency in triage practices, system use, and customer service expectations.
- Contribute to capability development through coaching, knowledge sharing, and uplift of analysis skills across the team.
- Model professional, customer-focused behaviours and support a culture of teamwork, responsiveness, and continuous improvement.
- Support staff wellbeing and contribute to change adoption within the team by reinforcing clear communication and expectations.
- Uphold organisational values and support a safe, inclusive, and respectful workplace.
- Encourage behaviours aligned with organisational values and operational excellence.
- Provide digital services support for all hospital sites supported by the Digital Innovation.
- Participate in daily duty roster support across all supported health service sites as required and scheduled.
- Be available for after-hours on-call support duties across all supported hospital sites as required and rostered.
- Participate in off-site support roster as scheduled.
- Contribute to coordinated teamwork and information sharing.
- Request planned leave promptly and maintain excess leave balances in line with hospital guidelines.
- Submit timesheets and leave requests in accordance with maximum leave balances and attendance requirements.
- Engage in performance management, professional training, and development opportunities as required.

- Complete all mandatory hospital training requirements within specified timeframes.
- Consistently demonstrate hospital values in all interactions and activities.

### Stakeholder and Relationship Management

- Maintain strong working relationships with clinicians, researchers, corporate staff, and internal support teams to ensure accurate issue capture and high-quality communication.
- Act as the primary point of contact for first-level escalation of triage or service intake concerns.
- Provide clear and timely communication to users regarding incident status, next steps, or information required to progress requests.
- Work collaboratively with application specialists, technical teams, and vendors to ensure efficient handover and resolution of assigned issues.
- Support the Manager by contributing to operational reports, updates, and materials for governance committees.

### Financial & Risk Management

- Support monitoring of vendor performance by ensuring accurate logging, classification, and follow-up of escalated issues.
- Assist with maintaining compliance with cybersecurity, privacy, and data protection frameworks by ensuring triage processes reflect required controls.
- Identify and escalate operational risks related to service intake, data handling, triage processes, or system performance.
- Provide input to risk registers, operational reporting, and service improvement case development by supplying triage insights and frontline data.
- Ensure procurement and operational processes for tools used within triage (e.g., monitoring, ticketing) follow organisational guidelines.

### Key Relationships

Internal:	External:
Chief Digital Information Officer	Victorian Department of Health
Partner organisation Board, Chief Executives and Executives	Technology vendors and service providers
Directors and Managers within Digital Innovation	Partner health services and universities
Clinical, Research, and Corporate Leaders	Research collaborators and innovation partners

### Organisational Relationships

- Number of employees that are consumers of the DI service: [19,000+](#)

### Performance and Accountability

Performance objectives are set annually with the CDIO, focusing on:

- Delivery of strategic digital outcomes
- Service reliability and cybersecurity
- Financial sustainability
- Workforce capability
- Innovation and precinct collaboration

### Key Selection Criteria

- Bachelor's degree (or higher) in Business, Healthcare Administration, Information Technology, Digital Health, or a related discipline, or equivalent experience.
- Experience in process improvement, operations, or digital transformation within healthcare or similarly regulated environments.
- Working knowledge of RPA, AI, and intelligent automation, with the ability to evaluate tools and platforms.
- Understanding of healthcare operations, patient workflows, and regulatory requirements.

- Leadership in ICT or digital health, including leading multidisciplinary teams and delivering transformation programs.
- Stakeholder engagement and influence across internal and external groups.
- Strategic thinking in complex service environments.

Physical Demands	Frequency
Shift work – rotation of shifts – day, afternoon and night	Occasional
Sitting – remaining in a seated position to complete tasks	Frequent
Standing- remaining standing without moving about to perform tasks	Occasional
Walking – floor type even, vinyl, carpet,	Occasional
Lean forward / forward flexion from waist to complete tasks	Rare
Trunk twisting – turning from the waist to complete tasks	Rare
Kneeling – remaining in a kneeling position to complete tasks	Rare
Squatting / crouching – adopting these postures to complete tasks	Rare
Leg / foot movement to operate equipment	Not Applicable
Climbing stairs / ladders – ascending and descending stairs, ladders, steps	Rare
Lifting / carrying – light lifting and carrying less than 5 kilos	Frequent
– Moderate lifting and carrying 5–10 kilos	Rare
– Heavy lifting and carrying – 10–20 kilos.	Not Applicable
Push/Pull of equipment/furniture – light push/pull forces less than 10 kg	Frequent
– moderate push / pull forces 10–20 kg	Rare
– heavy push / pull forces over 20 kg	Not Applicable
Reaching – arm fully extended forward or raised above shoulder	Not Applicable
Head / Neck Postures – holding head in a position other than neutral (facing forward)	Not Applicable
Sequential repetitive actions in short period of time	
– Repetitive flexion and extension of hands wrists and arms	Prolonged/Constant
– Gripping, holding, twisting, clasping with fingers / hands	Prolonged/Constant
Driving – operating any motor-powered vehicle with a valid Victorian driver's license.	Rare
Sensory demands	Frequency
Sight – use of sight is integral to most tasks completed each shift	Prolonged/Constant
Hearing – use of hearing is an integral part of work performance	Prolonged/Constant
Touch – use of touch is integral to most tasks completed each shift.	Prolonged/Constant
Psychosocial demands	Frequency
Observation skills – assessing / reviewing patients in /outpatients	Prolonged/Constant
Problem Solving issues associated with clinical and non-clinical care	Prolonged/Constant
Attention to Detail	Prolonged/Constant
Working with distressed people and families	Not Applicable
Dealing with aggressive and uncooperative people	Rare
Dealing with unpredictable behaviour	Rare
Exposure to distressing situations	Rare

Definitions used to quantify frequency of tasks / demands as above

Prolonged / Constant	70–100 % of time in the position
Frequent	31–69 % of time in the position
Occasional	16–30% of time in the position
Rare	0–15% of time in the position
Not Applicable	

## Employee Responsibilities and Accountabilities

- Be aware of and work in accordance with Hospital policies and procedures, as amended from time to time, including:
  - Code of Conduct
  - Confidentiality
  - Data Accountability Framework
  - Infection Control
  - Occupational Health and Safety
  - Patient Safety
  - Performance Development Management
  - Respectful Workplace Behaviours
  - Risk Management
- Be respectful of the needs of patients, visitors and other staff and maintain a professional approach in all interactions, creating exceptional experiences.
