

Position Description

Position title:	Abortion and Contraception Services Fellow
Department:	Gynaecology and Women's Health
Classification:	As per award
Agreement:	Victorian Public Health Sector (AMA Victoria) – Doctors in Training (Single Enterprise Agreement) 2022-2026
Reporting to:	Clinical Director – Gynaecology and Women's Health

About us

Located in Melbourne on the traditional lands of the Wurundjeri people of the Kulin Nation, the Royal Women's Hospital is Australia's first and leading specialist hospital for women and newborns. We offer expertise in maternity services, neonatal care, gynaecology, assisted reproduction, women's health and cancer services. We advocate for women's health in areas that have long been overlooked or stigmatised, including abortion, endometriosis, family violence, female genital mutilation, menopause, women's mental health, sexual assault and substance use in pregnancy.

Our vision, values and declaration

The Women's vision, values and declaration reflect our promise to our patients and consumers, and articulate our culture and commitment to our community and each other.

Our vision is '**Creating healthier futures for women and babies**'. Our values are:

Courage

Passion

Discovery

Respect

The Women's declaration reflects the principles and philosophies fundamental to our hospital, our people and our culture.

- **We are committed to the social model of health**
- **We care for women from all walks of life**
- **We recognise that sex and gender affect health and healthcare**
- **We are a voice for women's health**
- **We seek to achieve health equity**

Our commitment to inclusion

The Women's is committed to creating and maintaining a diverse and inclusive environment which enhances staff and consumer wellbeing, and nurtures a sense of belonging. We strongly encourage anyone identifying as Aboriginal and/or Torres Strait Islander to join us. We offer a range of programs and services to support First Nations employees. We invite people with disability to work with us, and we welcome anyone who identifies as linguistically, culturally and/or gender diverse, people from the LGBTQIA+ community and people of any age.

About the department/unit

The women's is the largest public provider of abortion care in Australia providing surgical and medical abortion within the legal frame work as described in Vic Abortion Law reform 2008.

The Abortion and Contraception Service at the Women's are structured to provide quality care to women by the most appropriately qualified clinician with the principles of patient centered care and informed choice at the center of all we do. This is a multidisciplinary team including nursing, medical and allied health staff.

Position purpose

The ACS fellowship post in sexual and reproductive health is designed to provide the curriculum and experimental requirements of the RANZCOG Advanced Training Module ATM in sexual and reproductive health. Registrars are responsible for the provision of excellent clinical care to women who are outpatients or inpatients of the Royal Women's Hospital. The role encompasses clinical and surgical experience in The Abortion and Contraception Service and in The Early Pregnancy Service.

Key responsibilities

The ACS Fellow will provide care:

- In consultation with supervising, Fellows and Consultants as appropriate.
- In accordance with rosters, daily duties and notes to daily duties as published on the Junior Medical Staff rosters website and varied from time to time (except as otherwise directed).
- Taking account of best available evidence regarding quality and safety including RWH Clinical Practice Guidelines.
- With effective communication with other members of the multidisciplinary team providing care.
- Participate in mixed contraception and abortion outpatient clinics
- Participate in Early pregnancy assessment Service EPAS clinics
- Participate in pregnancy ultrasound scanning sessions as arranged within EPAS
- Participate in regular theatre lists including sterilisation, contraception and abortion cases.
- Comprehensively including timely record-keeping, discharge preparation and communication with referring practitioners and those providing ongoing care.
- Attend all team meetings and teaching sessions
- Participate actively in MDT meetings including team supervision.
- Be involved actively in research within the units.
- Participate in all teaching opportunities presented.
- Comply with the RANZCOG training requirements of accredited training positions.
- Participate in presentations and conduct of teaching and audit sessions suitable to level of training and experience.
- Provide supervision/teaching of more junior registrars and HMOs.
- Provide supervision/teaching of medical students.
- Participate in audit and practice improvement activities.
- Undertake duties as directed consistent with their skills and experience.
- Participate in relevant committees, management and service development activities commensurate with their skills and experience, in consultation with the JMS body.
- Develop collaboration, supervision and leadership skills appropriate to their career path and training level.

Find the exceptional in your everyday.

The Women's, where you belong.

- Data integrity is an essential element of clinical and corporate governance and a key performance indicator for the Women's. The management of data influences and directly affects patient care, patient decisions, and ultimately the quality and reputation of our service delivery.
- As a consequence, all staff are responsible and accountable to ensure that (within their area of work):
 - Data recording and reporting, (including RWH external reporting) is timely, accurate (i.e. error free) and fit for purpose
 - Data management system policies and control processes are complied with on all occasions
 - Where data issues and/or problems become apparent these matters are immediately referred and reported to supervisors/managers.
- Agree to provide evidence of a valid employment Working with Children Check and provide the necessary details for the Royal Women's Hospital to undertake a national Police check
- The Women's expects staff to identify and report incidents, potential for error and near misses and supports staff to learn how to improve the knowledge systems and processes to create a safe and supportive environment for staff and patients.
- Contributes to a positive and supportive learning culture and environment for health professional students and learners at all levels.

Vaccination requirements

As this role has direct physical contact with patients and clinical environments, employees are required to be vaccinated against or demonstrate immunity to influenza, COVID-19, whooping cough (pertussis), hepatitis B, chicken pox, MMR (measles, mumps, rubella) and may include hepatitis A, and complete screening for tuberculosis.

Employment with the Women's is conditional upon the provision of satisfactory evidence of vaccination and/or screening, and we may withdraw an offer of employment if the required evidence is not provided at least five business days prior to the intended start date.

Declaration

By accepting this position description electronically, I confirm I have read, understood and agreed to abide by the responsibilities and accountabilities outlined.
