

Position Description

Position title:	Registered Nurse
Department:	Women's Health Clinics
Classification:	RN Division 1, Grade 2 (YP3 – YP9)
Agreement:	Nurses and Midwives (Victorian Public Health Sector) (Single Interest Employers) Enterprise Agreement 2024 – 2028)
Reporting to:	Nurse Unit Manager – Womens Health Clinics

About us

Located in Melbourne on the traditional lands of the Wurundjeri people of the Kulin Nation, the Royal Women's Hospital is Australia's first and leading specialist hospital for women and newborns. We offer expertise in maternity services, neonatal care, gynaecology, assisted reproduction, women's health and cancer services. We advocate for women's health in areas that have long been overlooked or stigmatised, including abortion, endometriosis, family violence, female genital mutilation, menopause, women's mental health, sexual assault and substance use in pregnancy.

Our vision, values and declaration

The Women's vision, values and declaration reflect our promise to our patients and consumers, and articulate our culture and commitment to our community and each other.

Our vision is '**Creating healthier futures for women and babies**'. Our values are:

Courage

Passion

Discovery

Respect

The Women's declaration reflects the principles and philosophies fundamental to our hospital, our people and our culture.

- **We are committed to the social model of health**
- **We care for women from all walks of life**
- **We recognise that sex and gender affect health and healthcare**
- **We are a voice for women's health**
- **We seek to achieve health equity**

Our commitment to inclusion

The Women's is committed to creating and maintaining a diverse and inclusive environment which enhances staff and consumer wellbeing and nurtures a sense of belonging. We strongly encourage anyone identifying as Aboriginal and/or Torres Strait Islander to join us. We offer a range of programs and services to support First Nations employees. We invite

Find the exceptional in your everyday.

The Women's, where you belong.

people with disability to work with us, and we welcome anyone who identifies as linguistically, culturally and/or gender diverse, people from the LGBTQIA+ community and people of any age.

About the department/unit

The Women's is a tertiary referral center for women with complex needs. The outpatient service accommodates a number of specialist clinics such as gynaecology, abortion and contraception, urogynaecology, menopause, vulva/dermatology, menopause symptoms after cancer clinics, breast, oncology, early pregnancy advisory service, chronic pelvic pain clinic and colposcopy.

The facility also includes the Ambulatory Gynaecology Service which provides minor gynaecology procedures under local anaesthetic, as well as other procedural clinics such as, urodynamic investigation, insertion of contraceptive intrauterine devices and outpatient cystoscopies.

Position purpose

Registered Nurses are responsible for strengthening health outcomes through the provision of safe, quality, holistic and sensitive care, throughout the visit. They work collaboratively in partnership with patients, consumers and other health professionals.

The Women's Health Nurse will support the Clinic Co-coordinators, Clinic Triage and AUM's, in the smooth running of the clinics and satellite areas. The Women's Health Clinic Nurse will work collaboratively with the multidisciplinary team to ensure the effective operation of the clinics with the outcome of efficient service delivery consistent with the Gynaecology, Cancer and Perioperative Strategic Plan, and where appropriate consult with patients to provide assessment and evidence based clinical information to assist the patient in making informed choices in their healthcare. Through consultation, communication and liaison with stakeholders, the Women's Health Nurse will ensure that women attending the Women's Health Clinics remain the focus of care.

The Women's has a strong commitment to teaching and mentoring of new staff and the registered nurse is expected to actively pursue their own professional development and education and to support their colleagues and students of the Women's. The Women's Health Nurse will be responsible for providing mentoring and leadership to the Enrolled Nursing Staff working within these clinics. The position will support the Clinic Coordinators and cover in their absence to ensure a seamless service and care is delivered to the patients attending these specialist services.

Key responsibilities

Clinical practice

- Monitor patients by assessing, planning, implementing and re-evaluating their care, leading to exceptional patient experiences
- Consult with the multidisciplinary healthcare team as required to identify patient care options and plans
- Involve the patient and their family in decisions around their care
- Prioritise workload based on need, acuity and optimal treatment time, responding effectively to unexpected or rapidly changing situations

Find the exceptional in your everyday.

The Women's, where you belong.

- Identify concerns/issues impeding efficient or safe service delivery to the Nurse Unit Manager and participate in implementing strategies for resolution

Communication and teamwork

- Accept accountability for own actions and seek guidance when a situation exceeds experience or knowledge, delegating aspects of care to others as appropriate
- Communicate and collaborate effectively with others to facilitate the provision of care, and actively engage in team meetings
- Support the development of others by acting as a resource to colleagues, participating in orientating, precepting and mentoring of students and new staff, including graduate nurses and other learners

Quality, safety and improvement

- Ensure a safe environment is maintained for patients, visitors and staff by being aware of and involved in Occupational Health & Safety management of the unit
- Participate in team development of policies, procedures, protocols and guidelines which identify evidence based best practice
- Be respectful of the needs of patients, visitors and staff and maintain a professional approach to all interactions

Learning and development

- Participate in formal and informal education and professional development opportunities to maintain registration and to maintain an up-to-date knowledge base
- Undertake self-evaluation and professional development planning with the Unit Manager
- Complete annual mandatory competencies as required

Key Performance Indicators (KPI's)

KPI's are how you will be measured as meeting the responsibilities of the position. These will be set with you as part of your Performance Development Plan within the first six months of your appointment to the position.
