

2020 ROYAL WOMEN'S HOSPITAL GRADUATE MIDWIFE/NURSE (COMBINED) NURSING PLACEMENT OPTIONS

The following are the nursing placement options available within the 2020 Combined Graduate Midwife/Nurse Program at the Women's Hospital

Please rank your preferences from one (1) – most preferred to four (4) least preferred.

Placement Option A

Emergency (WEC) Parkville: Three (3) months

Maternity Services Parkville: Nine (9) months

The Women's Emergency Care (WEC) provides twenty-four hour service for some 27,000 patients per annum averaging at 80 women per day. The majority being women with gynaecological and obstetric problems and neonates in their first week of life.

Placement option B

Gynaecology and Women's Cancer – 5 North Parkville: Three (3) months

Maternity Services Parkville: Nine (9) months

A twenty-four (24) bed gynaecological/oncology surgical ward. We care for women undertaking gynaecology and oncology surgical and medical procedures. The Complex Care Unit is co-located on 5 North which services all patients across the whole hospital.

Placement option C

Neonatal Services Parkville: Three (3) months

Maternity Services Sandringham: Six (6) months

Maternity Services Parkville: Three (3) months

The Women's Neonatal Service is one of four tertiary referral units in Melbourne. Twenty-seven (27) NICU cots and thirty-two Special Care Nursery (SCN) cots are located at Parkville and Six (6) SCN cots are located at Sandringham. The model of care is built on keeping mothers and babies together, underpinned by continuity, consistency and engagement with parents and families who are at the heart of everything we do

Placement option D

Neonatal Services Parkville: Three (3) months

Maternity Services Parkville: Nine (9) months
